DETAILED ACTION

Response to Amendment

1. Responsive to amendment received on October 25, 2004, claim 1 is canceled and amended claim 2, 4 and 5 are entered as requested. Also, new claim 6 is entered.

Allowable Subject Matter

2. Claim 2-6 allowed.

3. The following is an examiner's statement of reasons for allowance:

The present invention is directed to a method for streaming video/audio using intermediate data. The closest prior art Eyuboglu et al. (US Patent 5,541,852) shows a similar method of streaming video/audio through a network. Eyuboglu teaches the steps using intermediate data to transmit video/audio data through a network (See Figure 3). Eyuboglu, however, fails to teach both differentiating discrete cosine (DC) data and non-DC data and differentiating pulse code modulation (PCM) data and non-PCM data. These features are claimed in independent claims 2, 5 and 6 and render them allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should

preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
